DEVELOPMENT SKILLS

Frontend: React, Next.js 14, React Native, Expo SDK 52, TypeScript, Tailwind CSS, Vite

Backend: Node.js 20, Express.js, Python 3.14, FastAPI, REST APIs, WebSocket, Socket.io

Data: PostgreSQL 15, MongoDB, Firebase Firestore, Redis 7, Cloudinary

AI & APIs: Groq AI, Groq Whisper, Google Earth Engine, M-Pesa Daraja, Africa's Talking, Stripe

Deploy: Vercel, Render, Netlify, Expo EAS, Firebase Hosting

SECURITY SKILLS

Offensive: Penetration Testing, Metasploit, Burp Suite, Kali Linux, Ffuf, Recon

Network: Wireshark, Nmap, TCP/IP, Traffic Analysis, Firewall Config

Detection: SIEM, Log Analysis, Threat Intel, IR Playbooks, SOC Workflow

SecDev: JWT, bcryptjs, Rate Limiting, XSS Prevention, Account Lockout, RBAC

KEY METRICS

Systems Deployed	7
Live Platforms	6
Best Score	10 / 10
CyberShujaa Score	95% · Distinction
Security Modules	21+

CORE COMPETENCIES

- Full-Stack System Architecture
- Production AI Integration
- Mobile Dev (React Native + Expo)
- M-Pesa & African API Integrations
- Penetration Testing & Vuln Assessment
- Network Security & Traffic Analysis
- Security-by-Design Development
- Threat Detection & Incident Response
- Cloud Deployment & CI/CD
- African Market Context

LANGUAGES

- English (Fluent)
- Kiswahili (Native)

PROFESSIONAL SUMMARY

Full-Stack Developer

7 production systems live across healthcare, edtech, fintech, civic, and climate — all built for African markets. React / Next.js / React Native, Node.js / FastAPI, PostgreSQL / MongoDB / Firebase, Groq AI, M-Pesa, Google Earth Engine.

Cyber Security Analyst

CyberShujaa Cohort XI · 95% · With Distinction. Hands-on offensive and defensive training: Metasploit, Burp Suite, Wireshark, SIEM, threat detection, IR, and Linux security — security baked into every system I build.

The combination is deliberate: I build systems AND I secure them. Every production system I ship includes JWT authentication, bcryptjs hashing, rate limiting, XSS/injection prevention, account lockout, and token blacklisting as foundational design decisions — not afterthoughts. Sponsored CyberShujaa programme delivered by USIU-Africa, Serianu Ltd, and Kenya Bankers Association. Seeking roles in development, security, or the intersection of both — Nairobi or remote.

PRODUCTION SYSTEMS — FULL-STACK DEVELOPMENT

GoldenEcho — AI Companionship Platform 10 / 10 2025 · Live

golden-echo-2-0.vercel.app · 16 web pages + 15 mobile screens · 6 languages · 7 integrations · Built in 1 day

- AI companion "Ellie" — Groq Whisper voice input + Groq LLM; Stripe Pro subscriptions; Cloudinary media; PDF memoir export; community feed; memory timeline
- 7-layer backend security: JWT + bcryptjs, token blacklisting, account lockout, rate limiting — scored 10/10

Stack: React · Express · MongoDB · Groq AI · Groq Whisper · Cloudinary · Stripe · Resend · Expo EAS · React Native

Pamoja — Chama Savings Platform LIVE & **BrightKnight — Chess Academy** LIVE Apr 2026

pamoja-two.vercel.app · queenmind-xi.vercel.app

- Pamoja:** M-Pesa Daraja STK Push, bilingual AI assistant (EN/SW via Groq), 10 MongoDB models, NextAuth.js + PIN auth, PDF/CSV exports, web + Android (Expo)
- BrightKnight:** Stockfish 18 AI (20 levels, browser-native), Socket.io v4 real-time multiplayer, Jitsi Meet video integration, 4 user roles, pdfkit receipts
- Both ship with JWT + bcryptjs, rate limiting, token blacklisting, account lockout as standard security baseline

Pamoja: Next.js 14 · TypeScript · MongoDB · NextAuth · M-Pesa · Groq · Expo | **BrightKnight:** React 18 · TypeScript · Socket.io · Stockfish · Jitsi · pdfkit

HealthAI · SmartQueue · Pasture AI · StMartin EDU Mar–Apr 2026 · All Live

4 additional production systems across nutrition AI, queue management, satellite grazing intelligence, and CBC-aligned edtech

- HealthAI:** Next.js 14 + Firebase Firestore (africa-south1) + Groq Llama 3.3 70B chat + Llama 4 Scout food photo analysis + React Native + Expo SDK 52 — web, Android, admin all live
- SmartQueue:** Node.js + PostgreSQL 15 + Redis 7 + WebSocket live positions + Africa's Talking + Twilio SMS/WhatsApp + EMA wait-time prediction
- Pasture AI:** FastAPI + Python + Google Earth Engine Sentinel-2 NDVI + React-Leaflet map + 6 Kenyan arid counties + API key auth + slowapi rate limiting
- StMartin EDU:** Groq AI calibrated per grade level (PP1–Grade 9) + 6 CBC subjects + 3 user roles — rated 8.5/10 production-ready

CYBER SECURITY TRAINING & PROJECTS

Cyber Security Analyst Programme WITH DISTINCTION · 95% Jan – Apr 2026

CyberShujaa · USIU-Africa & Serianu Ltd · Cohort XI · Cert No. CS2025-XV260427091358762S

- 21+ modules: penetration testing, network security, SIEM, log analysis, threat detection, incident response, Linux security, SOC operations
- Capstone: 18-vulnerability security audit (3 Critical, 7 High, 8 Medium) with prioritised remediation plan — Metasploit, Burp Suite, Kali Linux, Wireshark, Nmap
- 200+ record security dataset analysis — identified 12 critical patterns including 3 undetected attack vectors; 8 recommendations adopted by programme instructors
- Graduated With Distinction — 95% overall, top 5% of cohort of 60+

Tools: Metasploit · Burp Suite · Kali Linux · Wireshark · Nmap · Ffuf · SIEM · Log Analysis · NIST Framework · Threat Intel · IR Playbooks · Linux CLI

KEY ACHIEVEMENTS

- GoldenEcho 10/10:** 16 web pages + 15 mobile screens + voice + payments + 6 languages — built and deployed in a single day
- 7 Live Systems:** Healthcare, edtech, fintech, civic, climate, companionship, chess — all deployed with real users
- African Market Context:** M-Pesa, Africa's Talking, CBC curriculum, GEE NDVI — built for local problems
- Dual Platform Delivery:** 4 systems ship web + Android simultaneously via Expo EAS + React Native
- With Distinction:** 95% in CyberShujaa's intensive analyst programme — top 5% of 60+ students
- Security Built In:** Every system ships with 5–7 security layers as foundational decisions, not afterthoughts
- Vuln Assessment:** 18 vulnerabilities identified (3 Critical) in capstone audit with full remediation roadmap
- Curriculum Impact:** Security analysis recommendations adopted by CyberShujaa instructors for programme enhancement
